Connects your Sniper Level to your ACI or ADI.

## Features

Want to make your Flatline Ops ACCU/LEVEL™ even more precise? Just add the STRONG ARM™. The STRONG ARM™ mounts quick and easy onto accessory dove tail of the ACCU/LEVEL™. It positions your ADI for unobstructed view of uphill and downhill trajectory angles. Made of 6061-T6 aircraft aluminum, you will know why its called the STRONG ARM™. Each STRONG ARM™ is hard anodized with a military spec finish and boasts all stainless steel hardware.

STRONG ARM™ is interchangeable with any size ACCU/LEVEL™. If you have multiple firearms with different ACCU/LEVEL™ sizes, you can move one STRONG ARM™ and ADI between them all.
