Short Description

The Huskemaw 1-6×24 is the most versatile compact scope in the industry as a true one-power scope for quick acquisition. This scope not only serves as an excellent option for tactical, law enforcement and sport shooters, but also makes a great choice for hunters in a variety of applications, such as hunters or shooters using straight wall cartridge firearms. In addition to the HuntSmart reticle, this scope features an illuminated red dot with five intensity settings and a power off between each setting.
